

JAKE'S JABS & JABBER

As a cockapoo, I was addicted to the hokey pokey but I turned myself around. (Har-har, see Clancy, I can make a joke, too!) Really! Sometimes life is like that—and we have to turn ourselves around and rethink our actions or take a different direction. Preferably, the higher road. With fluffies often in my eyes, it's hard to see clearly rather than what I imagine things seem. Conking my noggin just the other day made me think. A mistaken vision can cause a heap of issues—physically and mentally! This is where I trust my office caretakers to guide me and provide proper perspective in more ways than one! So remember, put your right paw in and turn yourself around!

*My pawsitively great friend, Ben,
and me reflecting on a few things.*
